SHIPPING

Contact us for pricing.

Truckload - 24 bins

Half Truckload - 6-12 bins

Pick-up Load - up to 5 bins

MATERIALS

Bins, lids and pallet (refundable deposit) \$25

SPRAY COATING: For an additional fee, we offer a Food Grade Shellac wax coating approved by the U.S. Food and Drug Administration which maintains freshness, reduces spoilage, and enhances the color of the pumpkins. We will clean and spray coat the pumpkins, heirlooms, and winter squash and then apply the spray coating.

DISPOSAL: If disposal of the pumpkins is required have them returned to our field. The pumpkins will be spread on our fields as mulch, allowed to decompose, and then disked back into the field to enrich the soil. Shipping and a per bin service fee will be required.
